Dear School on Wheels Volunteers: Today and every day I am thankful for you. Every week you spend an evening helping the city's most vulnerable population — homeless children. You give 100 percent of yourselves to those who need it most before you go home to your own kids or continue with your own busy lives.

Thank you for stepping up to the plate and tutoring more than one evening a week when we saw a 68 percent increase in the number of kids this September. Because of your commitment to our children, they now know everything is achievable with an excitement for education. Thank you for sharing your own experiences so they know that, whether one is homeless or not, no one is perfect. And more than anything thank you for showing our School on Wheels students the very real possibility of growing up to be compassionate, successful people just like all of you.

### Carrie Murphy

*Volunteer Manager, School on Wheels*
